

WHY HEAVY EQUIPMENT COLLEGES OF AMERICA? | BENEFITS AT HEC.

Whether you're looking to start a new career in the growing construction industry or are a military veteran transitioning back to civilian life, HEC can help you gain a professional edge and put you on a clear path. We can provide you with the training and certifications necessary to work with heavy equipment and cranes. All of our locations offer programs geared toward students, providing you in-class and hands-on training. Take advantage of the benefits at HEC that'll help you find career opportunities.

BENEFITS AT HEC

APPROVED FOR VA EDUCATION

Veterans can benefit from training programs offered at HEC. Two of our six locations are specifically for military veterans only. Learn how you can develop skills that'll help you make the transition to civilian life successful.

ADMISSIONS PROCESS

When you're ready to begin an exciting new career in the heavy equipment industry, your first step is starting and submitting an application. After submitting your application, you'll need to provide proof that you graduated high school or possess a GED certificate. Finally, you'll need to meet our physical and mental requirements to ensure you can operate all equipment safely.

CAREER SERVICES

Our resume-building service can help you craft a resume that'll impress potential employers. We also offer mock interviews for applicants that want to sharpen their interviewing skills. Our professional staff will even help you navigate online job boards to help you find the perfect job suited for your new skills.

FIND THE RIGHT TRAINING PROGRAM

Heavy Equipment Colleges of America will help you get started in a rewarding career as a heavy equipment operator. Programs vary from location to location. Your benefits at HEC include in-class instruction paired with hands-on training from professional instructors and resources to help you jumpstart your new career.
